

Rock Lick 6-Hammer on and pull offs

In today's lesson we are looking at another example that combines hammer on and pull offs. We will be using our C Major, root 5, pentatonic scale. In terms of finger position, this lick is a little more difficult than the previous lesson. The fret distance from the 2nd to the 5th is out of reach for some people's 3rd finger, and so we encourage you to try and use your 4th finger. This is not a must, as a lot of professional players rarely use their 4th finger at all.
